

DRBF International Conference & Workshops 24 - 26 May 2017 • Madrid, Spain

Join us as we **Grab the Bull by the Horns!** **How to Face, Avoid and Solve Project Disputes Early**

Dispute Boards (DB) are recognized worldwide for their effectiveness in the real time avoidance and resolution of disputes on major projects. Embraced by government agencies, private owners, and multilateral development banks, Dispute Boards ensure project success through significant decreases in costs and time overruns. International experience is that the vast majority of projects with DBs settle disputes without litigation or arbitration.

As the largest and pre-eminent group of Dispute Board professionals, the DRBF will present an interactive workshops and conference focused on the application of Dispute Boards as well as best practices shared by international practitioners. The conference will additionally cover Dispute Avoidance & Strategies for Managing Successful DBs, The Role of DBs for PPP Projects Worldwide, Dispute Avoidance & Strategies for Managing Successful DBs, and more. Day one offers full-day workshops for those new to the process, experienced users, and Dispute Board practitioners. The two-day conference features engaging presentations and panel discussions to include the latest developments and issues facing the alternative dispute resolution community worldwide, with emphasis on early resolution of disputes and keeping major projects on schedule and on budget.
